

FOIL COLORS

This is a digital representation of our in-house foil palette. Please reference our Swatch and Sample Library to view actual foil colors and their shiny, metallic and/or pearlized qualities. Our assortment of inks and papers cannot match the unique features of foil, but we think they can coordinate nicely. See our Swatches and Sample Library to find the best combinations for you!

** semi-translucent foils are recommended for light papers only and cannot be used for foil edging*

Midnight

*coordinates with:
Black ink, paper, paint
SD Onyx paper*

Gunmetal

*coordinates with:
Charcoal ink, paper
SD Anthracite paper
Charcoal Shimmer paint
Gunmetal digital ink*
